2023

AMERICAN LEGION BASEBALL RULES

For more than 90 years, the Legion's National Americanism Commission has overseen the American Legion Baseball (ALB) program. This body is responsible for the playing rules, recruiting rules and all other aspects of the program. Department baseball committees ensure the rules are followed.

The commission's concerns of potential liability and safety issues remain a priority. Departments and leagues are reminded that the ALB insurance package provides coverage for all players who try out, practice or play in exhibition games; however, once the regular season has begun, only those players listed on the national electronic roster shall be covered. Additionally, ALB teams may have no more than 18 registered players after June 22 or the department closing date, whichever comes first.

One of the unique characteristics of American Legion Baseball, especially in national tournaments, is that both senior and junior Legion teams follow Official Baseball Rules with few modifications. Changes to the Official Baseball Rules may be made by the Americanism Commission and are noted in Rule 1 of ALB rules. These modifications are matters of safety, equipment and insurance; they are made with the welfare of the players in mind.

Both senior and junior teams shall follow these rules, with a few exceptions for Junior Legion Baseball. All national tournaments will follow rules established by the Americanism Commission.

PLAYING REGULATIONS RULE 1

A. Baseballs. An American Legion Baseball authenticating logo is required on all baseballs used in regular and post-season competition. A current list of authentic products can be found online at www.emblem.legion.org.

B. Bat Rule.

1. Wood bat. The bat must be a smooth, rounded stick not more than $2\frac{3}{4}$ inches in diameter at its thickest part nor more than 42 inches in length. An indentation in the end of the bat up to 1 inch in depth is permitted (cupped bats).
2. Non-wood bats. Metal, ceramic, composite or graphite bats may be used provided they do not exceed 36 inches in length and the maximum diameter is $2\frac{5}{8}$ inches.
3. Any non-wood bat must have the BBCOR certification code marked on the barrel of the bat.
4. Any non-wood bat that does not display the approved certification mark or in the umpire's judgment has been altered shall be removed from the game, and the player and team manager shall be ejected.

C. The Batter. The batter shall take his position in the batter's box promptly when it is his time at bat.

1. The batter shall not leave his position in the batter's box after the pitcher comes to set position or starts his windup.
2. The batter shall keep at least one foot in the batter's box throughout the batter's time at bat, unless one of the following exceptions applies, in which case the batter may leave the batter's box but not the dirt area surrounding home plate.
 - a) The batter swings at a pitch;
 - b) The batter is forced out of the batter's box by a pitch;
 - c) A member of either team requests and is granted "Time";
 - d) A defensive player attempts a play on a runner at any base;
 - e) The batter feints a bunt;

- f) A wild pitch or passed ball occurs;
- g) The pitcher leaves the dirt area of the pitching mound after receiving the ball.
- h) The catcher leaves the catcher's box to give defensive signals.

(Official Baseball Rule 6.)

D. Blood Rule. If a player suffers from a laceration or other injury where blood is visible, the game shall be stopped at the earliest possible time and the athlete treated immediately. If the injury requires extensive treatment, a substitute shall replace the injured player. (Umpires are directed to give a reasonable amount of time to allow all injured players to be treated.)

POINT OF EMPHASIS

American Legion Baseball umpires are to enforce this pace of play rule.

E. Catcher's Equipment. Catchers are required to wear a safety helmet, throat protector and protective cup, in addition to normal catcher's equipment.

1. All catcher's masks must have a built-in or attachable throat guard. Umpires and tournament officials shall halt the game until this rule is complied with.
2. While warming up a pitcher, either in or out of the bullpen, a catcher must wear a mask. Any person who refuses to do so shall be ejected from the game.

F. Coaches. Only those players and coaches listed on the team's National (Electronic) Registration Form #1 or Coaches Drop/Add Form #5 are permitted on the coaching lines.

G. Courtesy Runners. Departments may use the courtesy runner rule for their respective **Senior** American Legion program during Regular Season Only. Teams have the option to use a courtesy runner for the pitcher and catcher at any time. The umpire-in-chief shall record courtesy runner participation and announce it to the official scorer. For speed-up purposes, it is recommended that the courtesy runner be used with two men out in all games. **Regular Season Only.**

H. Collisions. The intent of this rule is to encourage base runners and defensive players to avoid collisions whenever possible.

1. When there is a collision between a runner and a fielder who clearly is in possession of the ball, the umpire shall judge:
 - a) Whether the collision by the runner was avoidable (the runner could have reached the base without colliding) or unavoidable (the runner's path to the base was blocked), or
 - b) Whether the runner was actually attempting to reach the base (plate) or attempting to dislodge the ball from the fielder.

PENALTY - If the runner a) could have avoided the collision and reached the base or b) attempted to dislodge the ball, the runner shall be declared out, even if the fielder loses possession of the ball. The ball is dead and all base runners shall return to the last base touched at the time of the interference.

Ruling 1 - If the fielder blocks the path of the base runner to the base (plate), the runner may make contact, slide into or collide with a fielder as long as the runner is making a legitimate attempt to reach the base or plate.

Ruling 2 - If the collision by the runner was flagrant, the runner shall be declared out and ejected from the contest. The ball shall be declared dead.

2. If the defensive player blocks the base (plate) or base line without the ball, obstruction shall be called. The runner is safe and a delayed dead ball shall be called.

Ruling - If the runner collides flagrantly, he shall be declared safe on the obstruction but will be ejected from the contest. The ball is dead.

3. Collisions at home plate. A runner attempting to score may not deviate from his direct pathway to the plate in order to initiate contact with the catcher (or other player covering home plate), or otherwise initiate an avoidable collision. If, in the judgment of the umpire, a runner attempting to score initiates contact with the catcher (or other player covering home plate) in such a manner, the umpire shall declare the runner out (regardless of whether the player covering home plate maintains possession of the ball). In such circumstances, the umpire shall call the ball dead, and all other base runners shall return to the last base touched at the time of the collision. If the runner slides into the plate in an appropriate manner, he shall not be adjudged to have violated Rule 1.H.

I. Designated Hitter (DH) Rule. Senior American Legion Baseball programs and all senior national tournaments shall use the American League designated hitter rule as published in Official Baseball Rules.

J. Force-Play-Slide Rule. The intent of the force-play-slide rule is to ensure the safety of all players. This is a safety as well as an interference rule. Whether the defense could have completed the double play has no bearing on the applicability of this rule. This rule pertains to a force-play situation at any base, regardless of the number of outs.

1. On any force play, the runner must slide on the ground and in a direct line between the two bases. It is permissible for the slider's momentum to carry him through the base in the baseline extended.

Exception: A runner need not slide directly into a base as long as the runner slides or runs in a direction away from the fielder to avoid making contact or altering the play of the fielder. Interference shall not be called.

2. Contact with a fielder is legal, and interference shall not be called if the runner makes a legal slide directly to the base and in the baseline extended.
3. Actions by a runner are illegal and interference shall be called if:
 - a) The runner slides or runs out of the base line in the direction of the fielder and alters the play of the fielder (with or without contact).
 - b) The runner uses a rolling or cross-body slide and either makes contact with or alters the play of the fielder.
 - c) The runner's raised leg makes contact higher than the fielder's knee when in a standing position.
 - d) The runner slashes or kicks the fielder with either leg.
 - e) The runner illegally slides toward or contacts the fielder even if the fielder makes no attempt to throw to complete a play.

PENALTY for a-c:

1. With less than two outs, the batter-runner, as well as the interfering runner, shall be declared out and no other runner(s) shall advance.
2. With two outs, the interfering runner shall be declared out and no other runner(s) shall advance.

3. If the runner's slide or collision is flagrant, the runner shall be ejected from the game.

K. First-Aid Kit. Each team must have a first-aid kit in the dugout at each game.

L. Games per day. No team shall be required to play more than two games in one day. Playing days will begin at 8 a.m. local time.

M. Helmets. All players are required to wear a double-flapped, ear-protective helmet while batting, running the bases and on deck.

1. Bat boys or girls must wear a double-flapped, ear-protective helmet while on the field.
2. All batting helmets must have the National Operating Committee on Standards for Athletic Equipment (NOCSAE) seal of approval stamped on the helmet, and such seal must be visible on the outside of the helmet.
3. Base coaches are required to wear a standard batting helmet, with or without earflaps (safety rule: ejection for non-compliance after one warning). Batters are required to wear a standard batting helmet with earflaps.

CLARIFICATION

Any helmet that has a crack, or inside padding that is worn or missing, cannot be used and must be removed from the game.

N. Insurance. Every American Legion Baseball team (both junior and senior) must purchase both group liability and accident insurance from The American Legion's agent of record (K&K Insurance). Coverage must be purchased on or before June 1. Violation of this rule will result in the disqualification from any further competition.

POINT OF EMPHASIS

Teams interested in playing American Legion Baseball must have liability and accident insurance in force prior to the first practice or team tryout. The American Legion National Executive Committee has mandated that insurance must be purchased from the agent of record for The American Legion, which is K&K Insurance.

Specific questions concerning coverage must be directed to the agent of record at **1-800-237-2917**. Any team (junior or senior) that wishes to play American Legion Baseball must purchase insurance from K&K Insurance, prior to registering with the department of baseball committee.

- O. Lightning Safety.** The purpose of these guidelines is to provide a default policy to those responsible for making decisions concerning the suspension and restarting of contests based on the presence of lightning. 12 2023 AMERICAN LEGION BASEBALL RULE BOOK 1. Assign staff to monitor local weather conditions before and during events. 2. Develop an evacuation plan, including identification of appropriate nearby shelters. 3. Develop criteria for suspension and resumption of play: a) When thunder is heard or a lightning bolt is seen within 8 miles, the thunderstorm is close enough to strike your location with lightning. Suspend play and take shelter immediately. b) Thirty-minute rule. Once play has been suspended, wait at least 30 minutes after the last thunder is heard or flash of lightning is witnessed prior to resuming play. c) For any subsequent thunder or lightning after the beginning of the 30-minute count, reset the clock and start another 30-minute count. 4. If available, electronic detection devices should be used as additional tools to determine the severity of the weather. However, such devices should not be used as the sole source when considering terminating play. 5. Hold periodic reviews for appropriate personnel.
- P. National Senior Tournament Rules.** The Americanism Division may prescribe such rules for the playing of any national tournament as it considers necessary. Copies of these rules are available from the tournament director.
- Q. On-Deck Equipment.** Equipment permitted in the on-deck area includes bats, weighted and unweighted, and devices designed to attach to and remain part of the bat, such as weights and wind-resistant foils. Sledgehammers, weighted pipes and other “homemade” heavy items are not permitted. Devices deemed unsafe by the umpires and/or tournament director cannot be used.
- R. Pitching Rule.**
- Senior American Legion Baseball programs.** No player may pitch more than a total of 105 pitches per day. A pitcher will be allowed to finish a batter if he reaches or exceeds the maximum limit during an at-bat but must exit the position after the hitter. No player may enter the game as a pitcher unless having fulfilled the required rest days as mandated in the chart below. No player may make more than two appearances as a pitcher during any consecutive three-day period. **If a pitcher throws 45 or fewer pitches in game one of multiple games on the same day, he may return to pitch in game two, up to 105 pitches total for the day. If a pitcher were to throw more than 45 pitches in game one, he would be ineligible to pitch in game two.**

*PENALTY - Violation of the maximum pitch count (105) in one day or the required rest that accompanies the respective pitch count will result in immediate ineligibility of the violating player and coach. Ineligibility remains until reinstated by the Kansas American Legion Baseball Committee.

PITCH COUNT LIMITS & REQUIRED REST

ALB PROGRAM	DAILY MAX PITCHES	REQUIRED DAYS REST				
		0 DAYS	1 DAY	2 DAYS	3 DAYS	4 DAYS
A, AA & AAA	105	1-30	31-45	46-60	61-80	81+

Players that are dual rostered or dual participating in American Legion Baseball and other organized programs carry with them all accrued pitches from team to team and restrictions apply.

1. Any player may be removed from the pitching position and remain in the game at another position. However, a pitcher will be automatically removed from the position when a coach makes a second trip to the mound in the same inning, and that player cannot return as a pitcher in that game. PENALTY - Forfeiture of the game if a protest is filed with the umpire-in-chief before the last out of the game.
 - a) Re-Enters Mound 2nd Appearance. If player returns as a pitcher in the same game he will be charged with another appearance.

2. When the bases are unoccupied, the pitcher shall deliver the ball to the batter within 20 seconds after he receives the ball. Each time the pitcher delays the game by violating this rule, the umpire shall call “Ball”.
 - a) The 20-second timing starts when the pitcher is in possession of the ball and the batter is in the box, alert to the pitcher. The timing stops when the pitcher releases the ball.

 - b) The intent of this rule is to avoid unnecessary delays. The umpire shall insist that the catcher return the ball promptly to the pitcher, and that the pitcher take his position on the rubber promptly. Obvious delay by the pitcher should instantly be penalized by the umpire. (Official Baseball Rule 8.04.)

POINT OF EMPHASIS

American Legion Baseball adopts the philosophy and principles of the MLB/ USA Baseball Pitch Smart initiative of practical, age-appropriate guidelines to educate parents, players and coaches to avoid overuse injuries and foster long, healthy careers for youth pitchers. Learn more online at pitchsmart.org.

- S. Re-entry Rule (Regular Season Only).** Any of the starting players may be withdrawn and re-enter once including the D.H. provided such player occupies the same batting position whenever he is in the line-up. Substitutes may not re-enter the game.
- T. Tobacco/Cigarettes.** The use of any form of tobacco or e-cigarettes by a player, coach, manager or umpire while on the playing field, benches, in the bullpen or dugouts is prohibited. Any individual violating this rule will be ejected from the game.
- U. Run Rule/Contest Length.**
1. 7 inning games are considered a complete game. (Zone, State, Regionals & World Series.)
 2. 10 runs after 4 1/2 innings.
- V. Uniforms.** Players and coaches must be in uniforms of the same color and style when competing in department (state) and national tournaments.
1. Any player, coach or manager who does not have an American Legion Baseball insignia on either the left sleeve or left chest of his uniform shirt, wind shirt, jacket or alternate jersey will be removed from the game.
 2. The front of the uniform shirt may carry lettering that identifies the post, department, town, city, community, or sponsor that the team represents. Such lettering must be acceptable to the sponsoring department.
 3. Approved American Legion Baseball insignia includes patches available through Emblem Sales, sublimation or screen printed onto the uniform shirt with proper authorization.

JUNIOR SPECIFIC RULE 2

- A. Courtesy Runners.** Departments may use the courtesy runner rule for their respective Junior American Legion program: “Teams have the option to use a courtesy runner for the pitcher and/or catcher at any time. The umpire-in-chief shall record courtesy runner participation and announce it to the official scorer. For speed-up purposes, it is recommended that the courtesy runner be used with two men out in all games.”

CLARIFICATION

The courtesy runner rule does not apply to a pinch-hitter for the catcher unless the catcher has been re-entered. A team may not use the same runner for the pitcher and catcher in the same inning. The courtesy runner may not be removed from a base to become a pinch hitter.

- B. Designated Hitter (DH) Rule.** “A hitter may be (not mandatory) designated for any one starting player (not just pitchers) and all subsequent substitutes for that player in the game. A starting defensive player cannot be listed as the designated hitter in the starting lineup. A designated hitter for said player shall be selected prior to the start of the game, and his name shall be included on the lineup cards presented to the umpire-in-chief and to the official scorer. Failure to declare a designated hitter prior to the game precludes the use of a designated hitter in that game. If a pinch hitter or pinch runner for the designated hitter is used, that player becomes the new designated hitter. A designated hitter and the player for whom he is batting are locked into the batting order. No multiple substitutions may be made that will alter the batting rotation.”

CLARIFICATION

The role of the designated hitter is terminated for the remainder of the game when a) the defensive player, or any previous defensive player for whom the designated hitter batted, subsequently bats, pinch-hits or pinch-runs for the designated hitter, or b) the designated hitter or any previous designated hitter assumes a defensive position.

- C. Re-entry Rule.** Departments may use the following re-entry rule for their respective **junior** baseball program: “Any of the starting players may be withdrawn and re-enter once, including a player who was the designated hitter, provided such player occupies the same batting position whenever he is in the lineup. A substitute who is withdrawn may NOT re-enter.”
- D. National Junior Tournament Rules.** There shall be no nationally supervised post-season tournaments for the Junior Legion Baseball program. The National Americanism Commission understands that several departments host tournaments and that there are several regional “invitational” tournaments; however, these tournaments are supervised by their host departments. Obtain a copy of the Senior American Legion Baseball Tournament Rules and Policies from the department chairman or download it online at www.legion.org/baseball. Junior Legion Baseball tournaments shall follow the tournament procedures and policies of the senior baseball program.
- E. Pitching Rule.** No player may pitch more than a total of 105 pitches per day. A pitcher will be allowed to finish a batter if he reaches or exceeds the maximum limit during an at-bat but must exit the position after the hitter. No player may enter the game as a pitcher unless having fulfilled the required rest days as mandated in the

chart below. No player may make more than two appearances as a pitcher during any consecutive three- day period. **If a pitcher throws 45 or fewer pitches in game one of multiple games on the same day, he may return to pitch in game two, up to 105 pitches total for the day. If a pitcher were to throw more than 45 pitches in game one, he would be ineligible to pitch in game two.** PENALTY - The pitcher and team manager shall be ejected from the game if a protest is filed with the umpire-in-chief before the last out of the game.

1. Any player may be removed from the pitching position and remain in the game at another position. However, a pitcher will be automatically removed when a coach makes two trips to the mound in the same inning, and that player cannot return as a pitcher in that game. PENALTY - Forfeiture of the game if a protest is filed with the umpire-in-chief before the last out of the game.

F. Player Eligibility - Player Age. Must be 13 on Jan. 1 of the current year and cannot turn 18 in this calendar year.

PLAYING ELIGIBILITY REQUIREMENTS RULE 3

A. Player Age. Senior American Legion Baseball competition is open to all players who are at least 13 years old on Jan. 1 of the current year and will not turn 20 in the calendar year.

POINT OF EMPHASIS

Jan. 1 is the universal cut-off date observed by the U.S. Olympic Committee. The American Legion will observe a Jan. 1 cut-off date.

B. Player’s Domicile. A player’s legal domicile shall be established before March 31 yearly.

1. A player’s domicile shall be his parent’s or permanent court-appointed guardian’s permanent and legal domicile.
2. If the parents are legally divorced by a court order, that player may play for a team of either parent’s legal and permanent domicile provided.
 - a) The player must declare, in writing, the team of his choice and file that declaration with the department chairman prior to the department closing date. The player’s declaration shall be final and valid for the remainder of the player’s eligibility.

CLARIFICATION

The enrollment of the school in which a player is enrolled on March 31 shall be counted. The completion of National Form #2 shall be proof of the player's choice. Once a player is deemed qualified and plays for a team, that player is not eligible to transfer. The player's eligibility is tied to that team.

3. **Graduated Students:** Players/students who graduate from high school in the year prior to this year shall play for the last AL team they played for or the team nearest their parents' domicile.
 - a) Players who graduated in the year prior to this year shall play for the last American Legion team they played for. If a team should fail to form and/or exist, or the graduated player last played for a junior program, the player must play for the team nearest his parent's domicile. Players who graduated in the year prior to this year shall not be eligible to be transferred (Forms #76 or #77). He will be assigned to a team nearest his parents domicile by the state committee in order to participate.
 - b) In situations not covered by the provision of this rule, the department chairman will, with the concurrence of the National Appeals Board, determine the player's legal domicile for the purpose of his participation in the American Legion Baseball program. Such decisions shall be in writing and filed with National Headquarters.
- C. **Professional Baseball Contract.** Players who are 18 years of age may be signed to a professional baseball contract in accordance with the rules of professional baseball.
- D. **Amateur Rule.** Only amateurs shall participate as players in American Legion Baseball.

CLARIFICATION

It is important that teams select and register players who will complete their obligation to their American Legion team. Any player who signs a professional contract cannot be replaced on National Form #1.

- E. **Proof of Age.** The American Legion will accept as proof of age:
 1. Records of birth that are an original or a certified document by the State Bureau of Vital Statistics, Department of Health or other governmental agency authorized to certify birth documents. Send by registered mail if doing birth certificates.

- a) Notarized photocopies of birth certificates, hospital records, baptismal records, school records or certificates are not acceptable proof of age and will disqualify a player and/or the team.
2. A copy of a state-issued driver's license that complies with the Federal Real ID Law, or a state-issued ID that is also in compliance with the Federal Real ID Law. (Preferred method)
3. A U.S. government-issued passport.
4. A U.S. government-issued military ID card or dependent ID card.
5. The American Legion will accept a document issued by a U.S. government agency or a foreign government-issued birth certificate if that document is an original or has a raised seal or stamp with an English translation. The American Legion will accept documents from any federal government agency.

PLAYING RECRUITING PLAN B RULE 4

In the State of Kansas, we will utilize National Rule Plan B only. Plan B base school recruiting allows both senior and junior Legion Baseball teams to select players who attend nearby high schools. High schools are combined to form a recruiting area. A player whose parent's domicile is nearest a base school is eligible to try out and play for the team if the player meets all other eligibility requirements and the combined enrollment of the recruiting area (combination of schools) does not exceed 7,500 students in the 10th, 11th and 12 grades.

A. Base School. All teams must have a base school.

1. New teams must request and receive approval for a base school from the department baseball committee at the time the team registers with the department baseball committee.
2. Existing teams may request to change their base school. This request must be in writing and approved by the department baseball committee prior to submitting National Form #1.

CONCLUSION

The rules and regulations for American Legion Baseball have developed over the years, based upon the experience, both good and bad given to the Department Baseball Chairmen by the coaches, parents, and other Legionnaires. The Department Chairmen meet annually to discuss and make recommendations for the good of the program. Those changes are forwarded to the National Baseball and Recreation Subcommittee, who in turn, make final recommendations to the National Americanism Commission who adopts or rejects these recommendations. Chairman and members of the National Americanism Commission vote on policy, procedures, and rules. It is those suggestions passed on from the parents, coaches and team managers which have allowed The American Legion Baseball Program to become the most prestigious amateur baseball program in America.

HAVE A GREAT SEASON!

Kansas State Executive Committee will develop and publish on line at www.ksamlegion.org/baseball all State Baseball brackets.
Zone assignments will be published online at www.ksamlegion.org/baseball.
